<b>Ingredients proven in Numerous US and European Studies</b>	<b>YES</b>

- Best DHT Blocker on the Market – 8 DHT Blocks more than other products
- Complete Hair Nutrition
- MGC™ Marine Growth Complex – proven in 8 clinical studies to stimulate hair re-growth

## XTC™ Xtreme DHT Blocker

### Synopsis

- XTC™ Xtreme DHT Blocker was clinically developed to help grow your hair stronger, fuller, faster and to arrest pattern hair loss in both men and women of all ethnicities.
- **Clinically and Laboratory Tested, Proven and Physician Recommended XTC™ Xtreme DHT Blocker fights DHT** which attacks your hair and causes most hair loss in men and women with an unsurpassed formulation of anti-androgenetic agents (DHT blocker); consisting of: special Saw Palmetto Berry extract, **Proprietary Phytosterol Blend** including **Beta Sistosterol** and other key **Sterols, Pygeum Bark, Green Tea, Stinging Nettle, and Ho Shu Wu.**
- XTC™ Xtreme DHT Blocker provides clinically proven hair growth vitamins, minerals, and nutraceuticals and has no side effects. XTC™ Xtreme DHT Blocker, blocks significantly more DHT than other products and is so unique that it is patented.

### More Key Points

- **20+ Years in the making! No other product comes even close!**

This product was developed by our team of physicians and medical personnel consisting of a Trichologist, a medical technologist and nurse, as well as one of the world's largest nutritional companies and a large international hair loss and hair care manufacturer. In addition, this product is based on hundreds of national and international clinical studies and thousands of our patients in the USA and Europe. Working with all this information we blended one product that has the all the best DHT fighting ingredients and the best essential vitamins, minerals and nutraceuticals for hair health. We then added the key ingredients of a popular hair nutritional which has been proven in numerous studies.

- **Special Saw Palmetto Berry Extract and Proprietary Phytosterol Blend**

Saw Palmetto has been proven to block DHT and our product contains the highest level of sterols available in any tablet! **500 MG of Saw Palmetto Berry** extract is used in our product. *(Most other products provide only 200 mg of some kind of Saw Palmetto - stem, root, leaves etc.)* Most products don't even mention the amount of sterols they use (cheaper saw palmetto berry extract is sold with 1/5th the sterols of our product). This DHT fighting blend makes up a large portion on our **690 MG** proprietary blend of with **Beta Sistosterol** as the largest ingredient. The blend also includes the other DHT fighting Sterols: **Campesterol, Sitostanol, and Campesteranol.**

*Sterols/Phytosterol has been shown to be the reason Saw Palmetto blocks DHT and works as well as it does.*

- **Other Potent DHT Fighters**

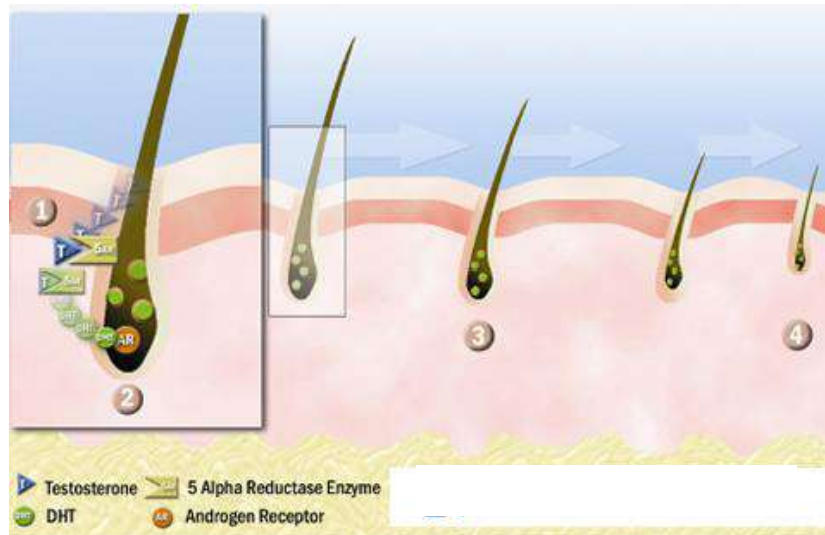

**Pygeum Bark, Green Tea, Stinging Nettle, and Ho Shu Wu** have all been clinically shown to help fight DHT and work in synergy. **Ho Shu Wu**, also known as Fo Ti Root or Shen Min, has been used in China for thousands of years. These 8 DHT blockers work synergistically to block DHT.

## XTC™ Xtreme DHT Blocker – continued

- **MGC™ Marine Growth Complex** (Shark cartilage and Glucosamine Sulfate and Silica)  
8 European studies have shown this stops loss and regrows hair, especially in conjunction with Laser treatments. **People with Shellfish Allergies should not take this product.**

- **XTC™ Xtreme DHT Blocker - A Complete Hair Nutritional**  
Xtreme DHT Blocker provides all the essential vitamins, minerals & nutraceuticals for complete hair health, including: Biotin, Folate, Pantothenic Acid, Sulfur, Zinc, Iodine, Selenium, Copper, Manganese, and more.

- **Grape Seed Exact:**  
Increases blood flow to the dermal papilla (where your hair grows) like Minoxidil, without side effects.  
**PATENTED, SAFE and ensured to be FDA compliant**  
This product is so unique, it's patented and has other patents pending. By working with one of the largest nutritional companies, all FDA regulations for labeling have been met and this further assures the safety and quality of this product. To fully insure the quality of our product, we work only with companies that meet the highest industry standards, namely: achieving an "A Rating" by the National Nutritional Foods Association (NNFA), and Kosher certification by all major authorities. The company is a fully compliant GMP manufacturing and packaging facility and is duly licensed and regularly inspected by State and Federal health authorities.

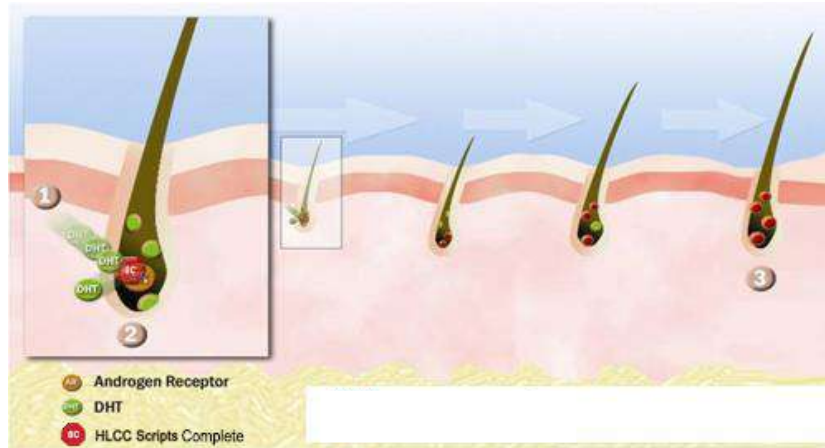

1. **XTC™ Xtreme DHT Blocker** blocks DHT; which helps to slow hair loss and promotes the conditions to allow better hair growth.

***Testosterone is converted to Dihydrotestosterone (DHT) by 5 Alpha Reductase (5AR) Enzyme.***

2. DHT attaches to the Androgen Receptors on the hair follicle.
3. DHT causes increased hair loss; gradually miniaturizing the hair follicle.
4. This miniaturized hair follicle eventually dies and hair loss occurs

## XTC™ Xtreme DHT Blocker – continued

XTC™ Xtreme DHT Blocker harmlessly binds to Androgen Receptors on your hair and stops DHT from binding to hair follicles and shrinking/killing your hair.

With less DHT binding to your Androgen Receptors, your hair starts to grow and resumes the normal cycle of hair growth. As less DHT binds to your hair, it has the chance to grow into a strong healthy hair. Small hairs can grow bigger and your dormant hair can start to grow again.
